DIVISION OF  
OIL, GAS & MINING

Dear Ms. Littig:

RE: Cane Creek Mine, ACT/019/005, Grand County, Utah

I enjoyed meeting you and Mr. Braxton during our meeting of November 8 and look forward to working with you on Texasgulf's reclamation plan. Enclosed is a copy of the Huntoon's geology and ground water hydrology study that was submitted to the Utah Department of Health. Also included is an article on Well #7 that Huntoon has written for the magazine GROUND WATER. This article further describes the geology and hydrology of our area. Loren Morton told me that he sent you a copy of the UIC plugging and abandonment plan.

Sincerely,

*Chris W. Sterry*
